

Art.No. 143400

Decoiler 1200

Art.No.	143400
EAN	4011923518707
Max. diameter cable drum	1200 mm
Max. width cable drum	560 mm
Lifting capacity	175 kg
VPE	1

The new HAUPA cable decoilers are developed for intensive use. Ease of use and a low weight are fundamental characteristics of this product. The front and the rear sides are made of anodized aluminum with antiskid ribs. For the left and the right side, sink steel with powder coating has been used. Because of this construction, the decoilers are strong, flexible to use, and resistant against heavy circumstances. The roles have bearings and a sliding axis, which make it easy to change the position of the roles without any special tools. Four antiskid buffers ensure that vibrations are subdued and floors remain intact.

Technical data

Length: 610 mm

Width: 570 mm

Height: 115 mm
